

ANNUAL DECLARATION OF INTERESTS (ADoI)

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name: DU JARDIN, Patrick

Title: Prof. Dr.

Profession: University Professor

Current EFSA involvements: Vice-Chair-GMO Panel 2012-2015 (GMO), Chair-Applications-Molecular Characterisation (GMO), Member-Guidance on environmental risk assessment of GM insects (GMO)

Nature of Activities	Period	Organisation	Subject matter
I. Economic interest			NO INTEREST
II. Member of a management body or equivalent structure	10/2007 - 09/2009	-Name: Gembloux Agricultural University	Dean of the Faculty of Agriculture (elected position till September 30 2009)
III. Member of a scientific advisory body		-Name: Ad hoc expert of the Scientific committee on Transgenic plants (for the Section of Biosafety and Biotechnology of the Scientific Institute of Public Health Louis Pasteur) -Location: Brussels	Technical advice on specific matters (please note that I am not a voting member of the Belgian advisory body addressing the scientific opinions to the Belgian Competent Authority)
	06/2009 - 06/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - GMO Panel 2009-2012 (GMO)

Safety Authority, Indy, Parma One 2010 - 05/2012 Name: EFRA, European Food Safety Authority, Indy, Parma One 2010 - 05/2011 One 2010 - 05/2012				1
Safety Authority, Inly, Parma (GMO) Name: FSRs, Furnopan Food Safety Authority, Inly, Parma (GMO) Member - WG RA Food Safety Training (Scientific Cooperation) Safety Authority, Inly, Parma (GMO) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Training (Scientific Cooperation) Member - WG RA Food Safety Authority, Inly, Parma Member -		04/2005 - 06/2012		Member - Applications-Molecular Characterisation (GMO)
Safety Authority, Italy, Parma		01/2010 - 05/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	
Safety Authority, Indy, Parma		08/2010 - 05/2011	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - WG RA Food Safety Training (Scientific Cooperation)
Combioux Agricultural University) Coation: Gembloux (Belgium)		06/2008 - 06/2009	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member ad interim- GMO Panel 2006-2009 (GMO)
VI. Research funding 07/2004 - now - Name: FNRS (National Fund for Scientific Research) for projects to 3 described under "Subject matters"; the Ministery of Walloon Region (DG on Technology, Research and Energy) for projects numbered 4 and 5 under "Subject matters"; the Ministery of Walloon Region (DG on Technology, Research and Energy) for projects numbered 4 and 5 under "Subject matters"; the Ministery of Walloon Region (DG on Technology, Research and Energy) for projects numbered 4 and 5 under "Subject matters, it may be a subject on the University of Liege for project numbered 4 and 5 under "Subject matters, it may be a subject on the University of Liege for project numbered 4 and 5 under "Subject matters, it may be a subject on the University of Liege for project numbered 5. Location: Brussels (FNRS), Namur (Ministry of the Walloon Region) VII. Intellectual property rights VIII. Other membership or affiliation 01/2009 - now - Name: Member of the Joint Advisory Committee for Ethics of Agricultral Research of the French public Institutes INRA and Cirad Cirad Though the Court of the Subject of the Agricultural Research and Regulation Intitiative) 02/2010 - 07/2012 - Name: PRRI (Public Research and Regulation Intitiative) - No INTEREST IX. Other relevant interest Diagraphy of products applied to plants and crops. Competitive of the design and continued to plant and form of the projects is supported by private fundings (contribution of private co-funding = 0 %) 1 - Molecular biology and Physiology of dormancy and ageing of potato tubers (01/2004 to 12/2007) 2 - On the roles and regulation of visitions (17/2004 to 12/2007) 3 - Molecular biology and Physiology of dormancy and ageing of potato tubers (01/2004 to 12/2007) 4 - Hockellar biology and ecophysiology of volatile organic compounds in the plant thizosis, in different Solanaceae species (01/2008 until now) 3 - Molecular biology and Physiology of dormancy and ageing of potato tubers (01/2004 to 12/2007) 4 - Michael Property (17/2004 to 12/2	IV. Employment	10/1987 - now	Gembloux Agro-Bio Tech (formerly Gembloux Agricultural University)	
Scientific Research) for projects to 3 described under "Subject matters", the Ministery of Walloon Region (DG on Technology, Research and Energy) for projects numbered 4 and 5 under "Subject matters", the Ministery of Walloon Region (DG on Technology, Research and Energy) for projects numbered 4 and 5 under "Subject matters", internal grants from the University of Liege for project numbered 3. -Location: Brussels (FNRS), Namur (Ministry of the Walloon Region) WII. Intellectual property rights VIII. Other membership or affiliation O1/2009 - now O2/2010 - 07/2012 O1/2009 - now O2/2010 - 07/2012 O2/2010 - 07/2012 Intellectual projects numbered of the Joint Advisory Committee for Ethics of Agricultural Research of the French public Institutes INRA and Cirad Location: Paris (France) O2/2010 - 07/2012 O2/2010 - 07/2012 No INTEREST Indidings (contribution of private co-funding = 0 %) 1- Molecular biology and Physiology of dormancy and ageing of potato tubers (01/2004 to 12/2007) 2- On the roles and regulation of oxylipins, breakdown products of fauth acids, in different Solanaceae species (01/2008 until now) 3- Molecular biology and exphysiology of volatility acids, in different Solanaceae species (01/2008 until now) 4- Biochemical investigation on the origin of off-flavors in potato tubers by-products: possible roles of lipids degradation (10/2004 to 09/2008) No INTEREST No INTEREST	V. Ad hoc or occasional consultancy	12/2011 - 06/2012	DG Enterprise and Industry, Unit Chemicals - Classification & Labelling, Specific Products, Competitiveness	Scientific review and reporting on 'Plant Biostimulants', as a new category of products applied to plants and crops.
VIII. Other membership or affiliation O1/2009 - now -Name: Member of the Joint Advisory Committee for Ethics of Agricultural Research of the French public Institutes INRA and Cirad in France publishes advice, opinion papers and reports on a wide range of issues related with agricultural research and its applications, with a special focus on the agricultural and human development of Southern countries. O2/2010 - 07/2012 -Name: PRRI (Public Research and Regulation Intitiative) Plain membership for the purpose to receive general information on international activities in the Plant biotech and biosafety sectors, no contribution to any PRRI working groups, activities or events NO INTEREST	VI. Research funding	07/2004 - now	Scientific Research) for projects 1 to 3 described under "Subject matters", the Ministery of Walloon Region (DG on Technology, Research and Energy) for projects numbered 4 and 5 under "Subject matters), internal grants from the University of Liege for project numbered 3. -Location: Brussels (FNRS), Namur (Ministry of the Walloon	fundings (contribution of private co-funding = 0 %) 1- Molecular biology and Physiology of dormancy and ageing of potato tubers (01/2004 to 12/2007) 2- On the roles and regulation of oxylipins, breakdown products of fatty acids, in different Solanaceae species (01/2008 until now) 3- Molecular biology and ecophysiology of volatile organic compounds in the plant rhizosphere (09/2008 until now) 4- Biochemical investigation on the origin of off-flavors in potato tubers by-products: possible roles of lipids degradation (10/2004 to 09/2008) 5- Molecular marker-assisted breeding of barley for malting quality
Advisory Committee for Ethics of Agricultural Research of the French public Institutes INRA and Cirad -Location: Paris (France) -Name: PRRI (Public Research and Regulation Intitiative) -Name: PRRI (Public Research and biosafety sectors, no contribution to any PRRI working groups, activities or events NO INTEREST	VII. Intellectual property rights			NO INTEREST
and Regulation Intitiative) international activities in the Plant biotech and biosafety sectors, no contribution to any PRRI working groups, activities or events IX. Other relevant interest NO INTEREST	VIII. Other membership or affiliation	01/2009 - now	Advisory Committee for Ethics of Agricultural Research of the French public Institutes INRA and Cirad	in France publishes advice, opinion papers and reports on a wide range of issues related with agricultural research and its applications, with a special focus on the agricultural and human development of Southern
The other recount merest		02/2010 - 07/2012		international activities in the Plant biotech and biosafety sectors, no
V. Interests of close family members	IX. Other relevant interest			NO INTEREST
A. Interests of close failing members	X. Interests of close family members			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.

Date: 31/08/2012 Signature: SIGNED
