

## ANNUAL DECLARATION OF INTERESTS (ADoI)

*(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)*

**Name:** DU JARDIN, Patrick

**Title:** Prof. Dr.

**Profession:** University Professor

**Current EFSA involvements:** Member-GMO Panel 2009-2012 (GMO), Member-GMO Panel 2012-2015 (GMO), Member-Applications-Molecular Characterisation (GMO), Member-Guidance on environmental risk assessment of GM insects (GMO)

Nature of Activities	Period	Organisation	Subject matter
<b>I. Ownership or other investments, including shares</b>			NO INTEREST
<b>II. Member of a Managing Body or equivalent structure</b>	10/2007 - 09/2009	-Name: Gembloux Agricultural University -Type: public	Dean of the Faculty of Agriculture (elected position till September 30 2009)
<b>III. Member of a Scientific Advisory Body</b>	01/2007 - now	-Name: Ad hoc expert of the Scientific committee on Transgenic plants (for the Section of Biosafety and Biotechnology of the Scientific Institute of Public Health Louis Pasteur) -Location: Brussels -Type: public	Technical advice on specific matters (please note that I am not a voting member of the Belgian advisory body addressing the scientific opinions to the Belgian Competent Authority)

<b>IV. Employment</b>	10/1987 - now	-Name: University of Liège, Gembloux Agro-Bio Tech (formerly Gembloux Agricultural University) -Location: Gembloux (Belgium) -Type: public	Academic career initiated in 1987 (research, teaching and staff management)
<b>V. Consultancy/Advisory</b>	12/2011 - now	-Name: European Commission, DG Enterprise and Industry, Unit Chemicals - Classification & Labelling, Specific Products, Competitiveness -Location: Brussels, Belgium -Type: public	Scientific review and reporting on 'Plant Biostimulants', as a new category of products applied to plants and crops.
<b>VI. Research funding</b>	07/2004 - now	-Name: FNRS (National Fund for Scientific Research) for projects 1 to 3 described under "Subject matters", the Ministry of Walloon Region (DG on Technology, Research and Energy) for projects numbered 4 and 5 under "Subject matters), internal grants from the University of Liege for project numbered 3. -Location: Brussels (FNRS), Namur (Ministry of the Walloon Region) -Type: public	General notice : none of the research projects is supported by private fundings (contribution of private co-funding = 0 %)  1- Molecular biology and Physiology of dormancy and ageing of potato tubers (01/2004 to 12/2007) 2- On the roles and regulation of oxylipins, breakdown products of fatty acids, in different Solanaceae species (01/2008 until now) 3- Molecular biology and ecophysiology of volatile organic compounds in the plant rhizosphere (09/2008 until now) 4- Biochemical investigation on the origin of off-flavors in potato tubers by-products : possible roles of lipids degradation (10/2004 to 09/2008) 5- Molecular marker-assisted breeding of barley for malting quality (10/2005 to 09/2010)
<b>VII. Intellectual property</b>			NO INTEREST
<b>VIII. Other membership or affiliation</b>	01/2009 - now	-Name: Member of the Joint Advisory Committee for Ethics of Agricultural Research of the French public Institutes INRA and Cirad -Location: Paris (France) -Type: public	This joint ethical committee of both public institutes INRA and Cirad in France publishes advice, opinion papers and reports on a wide range of issues related with agricultural research and its applications, with a special focus on the agricultural and human development of Southern countries.
<b>IX. Other</b>			NO INTEREST
<b>X. Interests of close family members</b>			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.
